

LARGE ATTENDANCE IS ANTICIPATED

At the Approaching Bible Conference and Chautauqua.

INQUIRIES FROM EVERYWHERE

Secretary Bayer Says They Come by the Dozen Every Day, and Are From Parties All Over the United States Who Desire to Attend.

As the time approaches, indications become still stronger that the coming session of the Florida Winter Bible Conference, the Christian Workers' Institute and the Gainesville Chautauqua, which will be held in this city for about six weeks, beginning with the convention of the Bible Conference on February 5, will be a glorious success.

Secretary Ferdinand Bayer states that he is receiving by every mail dozens of letters inquiring for particulars regarding boarding houses, rates, etc. These inquiries come from every section of the United States, and in a great many instances are in response to the thousands of pamphlets advertising Gainesville and these attractions, which have been sent out by the Conference advertising committee. This pamphlet comprised thirty-six pages, illustrated, and contains several views and street scenes of Gainesville. The committee very thoughtfully sent out this pamphlet, with other printed matter, to more than two hundred religious papers throughout the United States, a great many of which have responded by giving the attractions liberal mention. Advertising matter has also been sent to the various publications and ministers throughout the State, with a request to advertise the Conference in every way possible, and good results are anticipated from these sources.

"From present indications we are going to have an unprecedented crowd," remarked Secretary Bayer Wednesday. "I am receiving dozens of letters every day from every section of the country asking for general particulars, and our stenographer is kept busy answering these communications. Last year was a big one for these attractions, but I anticipate that the attendance at the coming session will increase in the neighborhood of forty per cent."

"Go Away—Let Me Sleep."

Frank Hall—the irrepressible Frank—formerly of this city, but now the successful traveling representative of Joyner, Witz & Co., the largest hat dealers in the United States, is at the Brown House. Mr. Hall is of a "Sunny Jim" disposition, is always happy, and as a result his friends are always glad to see him.

A good story is related at the expense of Frank, which he does not deny is the truth. A few cold mornings ago Mr. Hall was stopping in Jasper. On the preceding night he paid his bill and, as traveling men are accustomed to do, told the landlord that he desired to take the 5 o'clock train for Lake City, and left orders to be called in plenty of time. The order was recorded.

At 4:30 o'clock in the morning, when the cold north wind was whistling around the corner and the ice on the outside was an inch thick, the bell boy knocked upon Mr. Hall's door—first gently, then with a hatchet which he carried for the purpose.

"Say, boy, it's time to get up. De train am a comin' in a ha' 'onr."

"Ain't there another train that leaves this town about this time tomorrow morning?" drawled Mr. Hall.

"Dere sho' is," was the reply.

"Well, go away let me sleep," was the prompt command, when the boy retired, Frank got his rest—and the "house" suffered the expense of a lay-over.

It is also a sure specific for pain in the back or under the shoulders. Shipwrecked Sailors Reach Port.

New York, Jan. 11.—Seven survivors of the ill-fated Norwegian ship Marpesia, which was wrecked at sea on Christmas day by an explosion of naphtha, resulting in the death of 11 members of her crew, arrived here on the steamer Trinidad from Bermuda. They had been rescued by the Danish steamer Gallia, which happened by just at the moment when the Marpesia was blown into a shapeless mass and the seven who survived the shock were taken from the sea, where they had sought the only refuge that remained to them after the explosion.

Did Not Dine With Booker.

Birmingham, Ala., Jan. 11.—The report printed in New York that members of the Birmingham delegation to invite the president to visit this city fraternized and dined with Booker T. Washington, on the train en route, is emphatically denied by every member of the party who has returned to Birmingham. Mayor Drennen and the heads of the commercial organizations have all given out interviews in which they strenuously deny the printed accounts of the matter on the train to Washington, D. C.

Mr. F. W. J. Fletcher, a druggist in Victoria, Australia, says: "A customer of mine was so pleased with Chamberlain's Cough Remedy, which she had used for her children when suffering from colds and croup, that during a fortnight's time she obtained at my shop, nine bottles, which she sent to her friends in different parts of the State, telling them how much good it had done and advised them to give it a trial." For sale by all druggists.

Georgia Law Declared Void.

Washington, Jan. 11.—The supreme court of the United States has held as void the Georgia law making the initial carrier liable in cases of damages in freight shipments even though it occurs outside the state. The opinion was delivered by Justice Peckham, in the case of the Central of Georgia Railroad company vs. Murphy. The damage alleged in this case, amounting to \$454, occurred to a car load of grapes shipped from Barnesville, Ga., to Omaha, Neb., the Georgia road being the road in which they were delivered. Murphy brought suit under the state law.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and \$1.00. Sold by W. M. Johnson.

Big Fire at Olathe, Kans.

Olathe, Kans., Jan. 11.—Fire broke out at 1:45 this morning and destroyed the business buildings on the east side of the public square, including the telephone and telegraph office, and the postoffice. Efforts of the citizens to arrest the flames were futile and an urgent call for help was sent to Kansas City, 20 miles distant. A Santa Fe special train brought firemen and engines from Kansas City, who did good service. The loss is estimated at \$150,000. No casualties are reported.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One nose relieves. Guaranteed at 50c and \$1.00 by all druggists. Trial bottles free.

Widow Marcum Wins Suit.

Winchester, Ky., Jan. 11.—The jury in the case of Mrs. Amelia Marcum, who sued Judge James Hargis, ex-State Senator Alex Hargis, Sheriff Ed Callahan, of Breathitt county, and Attorney Fulton French, for \$100,000, for alleged conspiracy with Curtis Jett and Thomas White to slay her husband, James B. Marcum, has returned a verdict for \$8,000 against James Hargis and Sheriff Callahan and found for the defendants in the case of French and Alex Hargis.

The Strike at Fall River.

Fall River, Mass., Jan. 11.—The cotton mills claimed to have made large gains today upon the beginning of the 25th week of the strike, but labor leaders say that all gains have been offset by losses from among those who previously had gone in. Thirty-five weavers of the Bourne mills came out again today, saying that they could not make living wages. There is no change in the general situation. The labor men express a willingness to arbitrate, but the manufacturers demand unqualified surrender.

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed."

Serenity of Temper.

One sign of mental health is serenity of temper and a self control that enables us to bear with equanimity and untroubled temper the petty trials and jars of life, especially those arising from contact with scolding, irascible, irritating folk. It is well to remember at such times that these unfortunates are their own worst enemies, and a cultivation of the art of not bearing will help us very much. It is a very useful art all through life and well worth some trouble to acquire.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists, 25c, guaranteed.
